VISITORS TO MURRIN BRIDGE

Last week we had a story on two Elaine's (see joining story) and their different life stages at Murrin Bridge.

This week they visited the Murrin Bridge Community and in particular the preschool and many memories came flooding back to both Elaine's.

Elaine Russell spent her early years growing up on Murrin Bridge whereas Elaine Telford came with her husband and daughters in the late 70's to assist the community with the ICA.

We have re-printed last weeks story again.

Elaine (Collins) Russell, currently living in Glebe, Sydney lived as a child in Murrin Bridge from 1952 onwards and her friend Elaine Telford lived with the Murrin Bridge Community from 1978-1981. These two women are planning a visit to Murrin Bridge from Saturday 11th March to Thursday 16th March.

Elaine Russell will be hosted by the St Francis Xaviers School in Lake Cargelligo.

Elaine Telford worked for several years with "Australians for Reconciliation" program across

member of the Women's Reconciliation network and last year this organization launched an education resource called "Around the Kitchen Table".

During their visit, they are hoping to show their video to the Murrin Bridge Community as well as the teachers in Lake Cargelligo Schools.

These two women are looking forward to meeting you all when they visit next week.
